“ I'm such a student of History I love history especially the history of Greater new Mount Eagle not right here this man right here wow one of the greatest biblical minds that I had known a great Sunday school teacher a great servant of the Lord and help to his pastor I could remember before they were armor bearers there was this man that I saw each and every Sunday morning taking care of his pastor making sure that he had his orange juice and his milk making sure that his needs were met a true gentleman and what a usher he was always orderly in case I remember how he would walk down the aisle with Reverend Rodgers cape after he gets through preaching with his white gloves on he had a great smile a great heart praying for my mother and my sister Pat praying for all of you all and remember this great man wow we prepared for this because we gave our lives to the Lord Jesus and we'll see him again.
