“ I have added a photo of Benson and our Dad Ardi Hilt. It was from the 1940's. They both were "sugar sharp" family. 😊 Take a peep. It is on Benson's wall. Love you all. See you soon! Maria Dickerson (Benson's sister from the "D" BTW that's what we call Detroit.) Love you all.

You are welcomed of course. I have a photo of Benson taken by himself. Thought both photos were together but they were not. Hopefully I will be able to put my hands on it before I leave to get to Chi-town. See you soon!

“ My brother loved fish. Whenever he visited me in Detroit we always had white bass, homemade mashed potatoes and tossed salad. Benson always kept everything 100% because he was real. Miss you already nog brother- but I know that you are in a better place, no more pain or suffering. I love you now and forever. Until we meet again. Your little sister Maria.
