“ Dear DAD

It's always hard losing a love one 🤔😭 but it's easy now for me to accept that you in a better place. I see how GOD works. When you came to live with us he gave us that time to create more memories to cherish. That was all GOD'S plan so we could enjoy our moments with you while you still were here. As a child I have a few memories but one that plays over and over is when , you would always make rutabaga and the other kids wouldn't eat them and i always would eat them because I watched how hard you sweat to actually make dinner for us and I didn't want to make you feel bad who would've thought that I'd come to love them That became my favorite and still is.....I appreciate the time we spent with each while God borrowed you to us I wish I could have ask GOD to give you a little more time. But I can't question his timing when he need you. All I can ask GOD now is to give me understanding and to keep strong. Isreal and I are doing great you would be so proud of me I'm finishing my last semester of college for my BSN but you know it doesn't stop for me shortly after I'm going back to become a nurse practitioner I miss you like crazy and I find myself thinking about you every day.things are crazy down her there's some crazy virus that they're saying the Chinese started that's killing thousands of people world wide . Please keep me focus and strong And most importantly be with me walk with me and give me guidance. I wish we had more time together I do I Reminisce on our last conversation all the time I'm taking care of my mom the best I can and as I always promise I would just give me strength when I need it I miss you so much and I have so many questions but I know God will answer them soon enough oh You don't have any Grandkids from me yet but soon I just wish you where here the wisdom you installed In me I still carry I love you I have to say See you later till next time

Your Dearest Daughther Alice 🥰

“ I am so sorry to learn about the death of your most precious loved one Jerome. I know that this is a difficult time for you but I pray that your minds and hearts will be at peace as you reflect on the many fond memories of Jerome and on the way that he touched the lives of so many. How good to know that our loved ones are only sleeping in death. Our loving heavenly father has promised that the time will come when we will see them again by means of the resurrection. John5:28-29 What a wonderful time that will be!

“ *To Those Whom I Love And Those Who Love Me
Release me, let me go.*

*I have so Many things to see and do.
You mustn't tie your self to me with tears,
Be happy that we had so many years.*

*I gave you my love and you can only guess,
How much you gave me in happiness.
I thank you for the love you each have shown,
But now it's time I traveled on alone.*

*So grieve awhile for me, if grieve you must
then let your grief be comforted by trust.
It's only for awhile that we must part
So bless the memories with in your heart.*

*I won't be far away, for life goes on,
So, if you need me, call and I will come.
Though you can't see or touch me, I'll be near and if you listen with
your heart,
you'll hear all my love around you soft and clear.*

*And then, when you must come this way alone,
I'll greet you with a smile and say, welcome home.*

From your wife Rosalind
