*Sandra was a force to be reckoned with, she made her presence known, and at the same time lived a quiet life....make that make sense. We don't choose how we come into this life, nor how we leave, but we do choose how we live this life.*

*Sandra told it like it T.I. is.... she will be missed. Until we meet again dear cousin. Brenda (Gale).*

*It is with a heavy heart that I extend condolences to my own family. Sandra was my first cousin. My mother was her Dad's oldest sibling. San was one of my first playmates. I remember her having so much patience with me, as she was a few years older. Later in life I would receive random calls from her. Like when her dog died., or when I was ill. Those calls, always let me know that she.cared. A few first cousins had talked about doing a cousins trip. I was hoping San would partake. Hopefully, we will still make it happen, and commemorate Sam's life as we do so. Although I am still in dismay, and trying to process this life changing event, I know God makes no mistakes. Yet will I trust him, and also thank him for allowing Sandra and I to be woven together as family. Sleep peacefully dear cousin Sandra. I hope to meet you again in that great getting up morning.*

“ Dear Family and Friends of Sandra,

*I hope this message finds you surrounded by love and support during this difficult time. With profound sadness, I extend my heartfelt sympathies upon learning about the passing of our beloved Sandra.*

*Although Sandra and I may not have seen each other much since high school, I remember Sandra as a remarkable person who left an everlasting impression on those who were blessed to know her. Sandra was a person of extraordinary qualities. Her confidence, glamour, and undeniable charm made her a truly special presence in our lives.*

*Beyond her striking appearance, Sandra's genuine kindness and warmth always stood out to me. She brightened any room she walked into, leaving a trail of smiles and laughter. Her caring nature made her an unforgettable friend, and I feel grateful to have known her during those formative years.*

*As we mourn Sandra's untimely departure, let us remember the cherished moments we shared with her and hold them close to our hearts. While time and distance may have kept us apart, the bond of friendship we once shared remained intact. Together, let us honor Sandra's memory by celebrating the beautiful soul she was and the positive impact she had on so many lives.*

*During this period of grief, please know that you are not alone. Lean on one another for strength and support, and remember that Sandra will live on in the hearts of those she touched.*

*May Sandra's light continue to shine brightly, and may you find strength and solace in the love and memories you shared with her. God bless you.*

*With heartfelt sympathy,*

*Dr. Pauline (Murdock) Williams*

“ *Myself and my girls loved Sandra, our favorite mail lady ever! She loved our rescue dog Daisy and called her Daisy Dukes! Daisy and Sandra were Bff's. She bought Daisy a winter coat and I would send her pictures thru texting of our Daisy. We exchanged phone numbers and she would call and we would talk and catch up with each other. What an awesome lady! We are very, very sad to hear of her passing. I'd always tell her we love you Sandra and she loved us back! My sincerest condolences to her family from myself and my girls, a big loss to all who knew her. The Barnes family, Maryjo, Jennifer and Jessica.*
